Circular dated 22nd October 1945.

To

All the Amildars and Taluk Treasury Officers.

*Subject :—*Alteration in the date fixed for the disbursement of pay to primary school teachers.

No. 191—TAD. B. II. According to the existing procedure, the Amildars who are the Disbursing Officers should cash the bills for pay, grants and T. A. of all employees in Primary Schools at the Treasury and arrange to make disbursement to the teachers of schools at a distance of less than 5 miles from the Treasury, not later than the second Saturday in the month (giving them previous intimation of change of date fixed for such payment, if and when necessary) and remit on the day on which the bill is cashed by money orders the amounts due to the teachers residing beyond that distance.

2. The Director of Public Instruction states that representations are being received for the disbursement of the pay of the Primary School Teachers much earlier, (namely, on the 5th of every month as provided for in G. O. No. 8529-39—Edn. 33-18-3, dated 8th March 1919) owing to the hard conditions of the teachers. As the pay of the teachers of schools situated 5 miles or more from the Treasury is now remitted by money order the number of persons coming to the Treasury for payment is smaller than heretofore and the Treasury work in respect of personal payments to teachers is thus reduced. Further, as the countersignature of the pay bills of the Primary School teachers by the Elementary Education Officers has since been dispensed with, the Assistant Inspectors of Education can send the bills much earlier than before allowing sufficient time for the Treasury to scrutinise them.

3. In the above circumstances, the Amildars are requested to cash the salary bills of Primary School teachers and arrange for the disbursement of pay to the teachers on the 5th of every month (or on the next working day, if that day happens to be a holiday), the money orders for teachers of schools situated at a distance of 5 miles or more being sent on the same pay. The Assistant Inspectors of Education have already been instructed by the Director to send the bills to the Treasury not later than the 2nd of every month and to close the schools on the 5th of every month (or on the next working day if that day happens to be a holiday) to enable the teachers to receive their pay and also to hold and attend the Teachers' Association Meetings on that day.

Letter No. 181 dated 21st September 1945, from the Superintendent of Stamps in Mysore, Bangalore, to the President, Town Municipal Council, Mysore.

Notification dated 27th October 1945.

With reference to your letter No. M. 10-10—45-46, dated forwarding 150 M. A. M. Receipt Books and a treasury chellan of having credited Rs. 625, being the stamp duty chargeable for impressing the receipt books with receipt stamps, I have the honour to state that the Superintendent Stamp Manufactory, to whom the books were sent for embossing, has returned the books on 17th September 1945, stating that the embossing press will not permit the stamping on documents in book form especially when these books are so tiny. He, however, suggests that the books containing foils and counterfoils received for impressing stamp duty may be sent in loose leave or sent after the originals in those books have been carefully folded (to avoid faulty stamping of the originals) leaving the duplicates alone to be stamped. The Receipt Books are therefore, returned by separate parcel and I request that the folding of originals may kindly be got done or loose forms may be sent when embossing will be undertaken. I also request that they may be sent in small bundles of three or four instalments to facilitate early compliance of the stamping work.

No. 191. Copy of the above is submitted to the Comptroller to Government of Mysore, Bangalore, for kin information. When the M. A. M. Receipt Books are sent in future on behalf of Municipalities or District Boards, they may be advised to send the books in loose forms or to fold the originals if duplicates are to be stamped in those books to avoid faulty impression to the originals at the time of stamping.
